Preface

New trends and strategies on Agents and Multi-Agent Systems have recently appeared and many effective applications of this technology are now deployed. An international forum to present and discuss the latest scientific trends and strategies on practical applications of Agents and Multi-Agent Systems, to assess the impact of the approach, and to facilitate technology transfer, has become a necessity.

PAAMS, the International Conference on Practical Applications of Agents and Multi-Agent Systems is an international yearly forum to present, to discuss, and to disseminate the latest developments and the most important outcomes related to real-world applications. It provides a unique opportunity to bring multi-disciplinary experts, academics and practitioners together to exchange their experience in the development of Agents and Multi-Agent Systems.

This volume presents the papers that have been accepted for the 2010 edition in the Special Sessions and Workshops. PAAMS 2010 Special Sessions and Workshops are a very useful tool in order to complement the regular program with new or emerging topics of particular interest to the participating community. Special Sessions and Workshops that emphasize on multi-disciplinary and transversal aspects, as well as cutting-edge topics were especially encouraged and welcomed.

PAAMS 2010 included a total of 7 special sessions and 2 workshops: Special sessions on Adaptive Multi-agent Systems, Multi-agent systems for Health Care and Bioinformatics, Multi-agent systems for Ambient Intelligence, Multi-Agent Systems for Manufacturing and Supply Chains, Enterprise Application and Information Integration, Software Agents in Knowledge Management and Bio-inspired and Multi-Agent Systems: Applications to Languages. The workshop on Artificial Intelligence and Distributed Computing included sessions on Sensing Systems and Intelligence and Ageing Well in the Knowledge Society. Finally, the workshop on Systems, Man, & Cybernetics: SMC-Workshop.- IEEE-SPANISH CHAPTER provided an interesting opportunity to present and discuss the latest theoretical advances related to agents in the IEEE Spanish Chapter.

We would like to thank all the contributing authors, as well as Workshop and special session organizers and the members of the Program Committees and the

Organizing Committees for their hard and highly valuable work. Their work has helped to contribute to the success of the PAAMS 2010 event. Thanks for your help, PAAMS 2010 wouldn't exist without your contribution.

Special Session on Adaptive Multiagent Systems Committee

Stella Heras (Co-chairman) -
Universidad Politécnica de Valencia
Martí Navarro (Co-chairman) -
Universidad Politécnica de Valencia

Vicente Julián (Co-chairman) -
Universidad Politécnica de Valencia

Special Session on Multiagent Systems for Health Care and Bioinformatics Committee

Florentino Fernández-Riverola
(Co-chairman) - University of Vigo
Fernando Díaz - University of
Valladolid
Miguel Rocha - University of Minho

Paulo Novais (Co-chairman) -
University of Minho
Daniel González-Peña - University of
Vigo
Juan Francisco de Paz - University of
Salamanca

Special Session on Multiagent Systems for Ambient Intelligence Committee

Dante I. Tapia (Chairman) - University
of Salamanca
Luis Alonso - University of Salamanca
Oscar García - University of
Valladolid
Ricardo S. Alonso - University of
Salamanca

Miguel A. Valero - Polytechnic
University of Madrid
Diego López de Ipiña - University of
Deusto
Juan A. Botía - University of Murcia
Pau Giner - Polytechnic University of
Valencia

Special Session on Multi-Agent Systems for Manufacturing and Supply Chain Committee

Pawel Pawlewski (Co-chairman) -
Poznan University of Technology

Paulina Golinska (Co-chairman) -
Poznan University of Technology

Special Session on Enterprise Application and Information Integration Committee

Rafael Corchuelo Gil (Co-chairman)
- University of Sevilla

Rafael Z. Frantz (Co-chairman) -
UNIJUI

Special Session on Software Agents in Knowledge Management Committee

Aurora Vizcaino (Chairman) -
University of Castilla La Mancha
Javier Portillo - University of Castilla
La Mancha

Ricardo Imbert - Politecnical
University of Madrid
Alberto Fernández - University Rey
Juan Carlos

Special Session on Bio-Inspired and Multi-Agents Systems: Applications to Languages Committee

Gemma Bel Enguix (Co-chairman) -
GRLMC - Rovira i Virgili University

Alfonso Ortega de la Puente
(Co-chairman) - Universidad
Autónoma de Madrid

Workshop on Artificial Intelligence and Distributed Systems Committee
